Robertson County Chamber Junior Ambassador Application

Mission Statement:

The Junior Ambassadors serve as the Robertson County Chamber's official youth representatives, fostering connections between the Chamber, local businesses, and the next generation of community leaders. This program empowers students aged 16-20 to engage in year-round initiatives designed to promote leadership, mentorship, and innovation. Through intentional participation in Chamber activities, the Junior Ambassadors will gain valuable opportunities to connect with others, make a lasting impact on their community, and develop the skills needed to become future leaders.

Each year, a select group of Junior Ambassadors will be chosen to participate, with others encouraged to reapply in future classes.
